Email: ghoshala@srishivavedicyako.com
Website: www.srishivavedicyako.com

“ गावो विश्वस्य मातरः ” is a Mahavakyam, meaning “Cows are the Mothers of the Universe”. With the aim of **GHO SAMRAKSHANAM** (in Sanskrit the word 'Gho' means Cow & 'Samrakshanam' means Protection), Sri Shivapeeta Shivarama Ghoshala was started in the year 2001 at Thirupurasundarinagar, Pillaipaakam village near Sriperumbudur, the birth place of great saint Sri Ramanujacharya.

According to our ardent beliefs, the cow is very sacred to us. She is also called as KAMADHENU, the one who blesses us with all we desire for. The HARIVAMSHA depicts Lord Krishna as a cowherd and hence He is called as Bala Gopala and Govinda. All scriptures and Vedas identify the cow as Mother of all civilization. It is said in the Vedas that all Gods, Goddesses, including the Trinity has their abode in the cow. The Vedas also state that the milk of a cow is equivalent to ambrosial nectar. Cows are the great refuge of all creatures. As Vedas illustrate there are 33 divine energy forms spread across the body of Ghomatha.

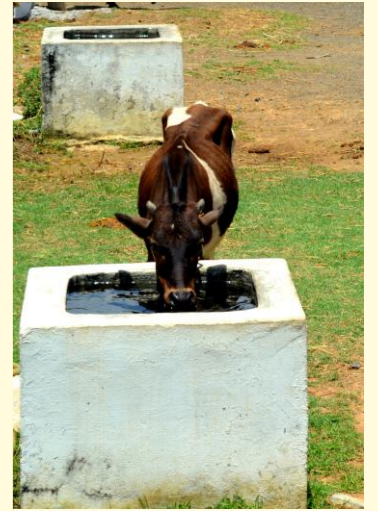

We, in SRI SHIVAPEETA SHIVARAMA GHOSHALA strongly believe in the motto: **“The protection and maintenance of cows is the greatest dharma or eternal duty for all living beings”**. By the divine grace of the almighty, in a span of 12 years, we nourish and maintain more than 40 cows and calves at any time. Sri Shivapeeta Shivarama Ghoshala is spread across 15,000 Sq Ft with sufficient area available to expand our activities in future.

The main objectives and activities of Sri Shivapeeta Shivarama Ghoshala are:

- ★ To nourish, feed, maintain and take proper care of all the Ghomathas (as they are fondly referred to) throughout their life span, even after they cross their breeding age and stop providing milk.
- ★ The Ghomathas are vaccinated, supervised and observed for infections and diseases. On diagnosis they are given immediate treatment by qualified veterinary doctors.
- ★ The milk derived from all the Ghomathas is primarily given to feed the Vidyarthi and Acharyas of Sri Shivapeeta Shivarama Veda Patasala which is our associated educational institution located near the Ghoshala premises.
- ★ The milk from the Ghomathas is given to our adjoining temple complex for aaradhanas and the Ghee extracted is used for lighting the diyas.
- ★ The milk is freely distributed to the villagers residing nearby.
- ★ As an additional food supplement, Co4 grass is grown in 25,000 Sq Ft throughout the year.

Co4 Grass

Taking care of a cow is equivalent to taking care of one's own mother. This can be aptly worded in Sanskrit as **“ गो सेवा मातृ सेवा समानं ”**.

Thus, the activities of Sri Shivapeeta Shivarama Ghoshala are totally service oriented.

Appeal.

All Philanthropists and those who believe in this noble cause are requested to donate generously to our Institution. Your support will facilitate our activities and enable us to further expand our existing fold.

The average maintenance expenses (which includes food, fodder, medical and care taking) for one cow is approximately Rs 4000/- month. The expenses are bound to keep increasing with time and in tune with the addition of new –born calves in the periods ahead. We request you to help us cope with this increasing demand and your contributions will be highly valued.

You may please donate by means of money or fodders, grass, straw or medicines.

Let us join hands together in this divine cause and seek the blessings of the Holy Kamadhenu for a bright, prosperous and healthy life.

All donations and contributions can be sent in the name of “ SRI SHIVARAMA GHOSHALA ” to the following address;

J.Balasubramanian,
AH 203, 3rd Street, Anna Nagar,
Chennai 600 040. Ph: +91 9884716032/ 044 26212152

A.R.Rajagopalan
Brindhavan,
No.10, Ramanathan Street, T.Nagar,
Chennai 600 017. Ph: +91 9444030838/ 044 24343324
